

22nd - 25th June - Miss Mc Fadden's 1st Class

Hello everyone,

Well we have made it to our last week! A huge WELL DONE to you all for all of your hard work over the last few months. I am so proud of you all for keeping going even when it was difficult.

It is a pity that we didn't get to finish our year together but I am looking forward to hearing all of your stories at the start of the new school year.

You are now ready for Second Class but first you deserve to have a rest over the Summer. Get plenty of outdoors time. Enjoy every second of it.

Thank you again,

Miss Mc Fadden

Maths: Money

Busy at Maths p. 150, 151, 152, 153 and 154

Use money in real life situations as often as you can.

Try to work out how much things cost and how much change you should get.

For ideas for maths games look in Mrs. Mc Groary's sheet.

This week I am giving you a few activities to try. You could choose one each day. Have fun.

- 1) Melting Ice Cubes experiment p.89 Explore With Me.
An investigation to see if salt, sugar or sand speed up the melting process.
- 2) A Minibeast Hunt around the garden. There is a template in the notes to help you identify them.
- 3) A Memory Wheel. Draw or write your favourite memories from the year into the template (also in notes).
